Summary — Java Developer with 4 years of experience designing and developing scalable, high-performance web applications using Java, Spring Boot, Hibernate, and Microservices. Proven expertise in RESTful API development, cloud deployment (AWS), CI/CD automation, and performance optimization. Skilled in collaborating with Agile teams to deliver robust software solutions. Passionate about clean code, design patterns, and solving complex business challenges.

Skills

Languages Java, SQL, HTML, CSS, Groovy

Framework Spring Boot, Spring Data JPA, Spring Security, Hibernate, gRPC

Build Tools Maven, Gradle

Devops Jenkins, Docker, EFK Stack

Cloud Platform AWS (S3, SNS, IAM, KMS, Secret Manager), Pivotal Application Service (PAS)

Messaging RabbitMQ, Kafka

Other RESTful APIs, Microservices, Architecture, OAuth, JWT, Swagger, Design Patterns, OOP, SOLID Principles, Agile

Experience

Senior Software Engineer

Gemini Solutions

Apr 2024 - Present

Online Access

- Designed, deployed, and enhanced RESTful APIs, improving response times and enabling microservices integration.
- Delivered RTQ feature enabling user questionnaires with persistent messaging.
- Participated in code reviews and wrote unit/integration tests using JUnit and Mockito to ensure code quality.
- Authored OpenAPI specifications for multiple microservices.
- Mentored 4 junior developers on Spring Boot and microservices best practices.
- Facilitated cross-functional Agile collaboration using JIRA for timely delivery.

Notification Tool/ PINT

- Contributed to AMPS streaming platform for event-publishing/subscribing.
- Designed UI pages using Spring Boot Thymeleaf for enhanced user experience.
- Integrated AWS S3, OKTA for authentication/authorization, and PagerDuty for alerting.
- Led successful migration from on-prem Linux-based deployment to cloud-based PAS.
- Implemented caching and asynchronous processing for performance optimization.

ATS

- Initiated and led development of Applicant Tracking System (ATS) using microservices architecture with secure AES encryption and AWS KMS integration.
- Followed microservices architecture by creating 3 micro modules: Interview Service, Applicant Service, Dashboard Service.
- Facilitated cross-microservice communication using RestTemplate, streamlining data exchange across services.
- Successfully led the Proof-of-Concept(POC) for doc/docx conversion to PDF to maintain consistent document structure.
- Collaborated with cross-functional teams in Agile settings[JIRA] to deliver high-quality features on schedule.

Software Engineer

Gemini Solutions

Sep 2022 – Mar 2024

Financial Analytical Platform

- Developed service endpoints using the gRPC framework.
- Successfully led the Proof-of-Concept(POC) for Drools Rule Engine, which primarily extracts out business logic from code to .drl or .xls files.
- Deployed the application via Jenkins and wrote CI/CD scripts in Groovy.
- Worked with Docker and created Docker Compose YAML for configuration.

PAYROLL

- Architected and implemented RESTful APIs, ensuring seamless front-end integration.
- Worked on core business features like employee onboarding to the app, payslip generation, employee investment declaration, and PF Calculations.
- Ensured complete unit and integration testing for reliability and achieved more than 95 percent code coverage.
- Enforced coding standards with Checkstyle and Spotbugs, remediated 100+ security vulnerabilities.

Technical Trainee

Gemini Solutions

Nov 2021 – Sep 2022

- PLearned and implemented Spring Boot concepts for application development.
- Learned best practices for Java Development, focusing on Clean Code and Efficiency.
- Achieved 90+ scores in courses on Linux, Java Intermediate, Git, and Agile SDLC.
- Built Spring Boot employee management demo application.

Education

Dev Bhoomi Institute of Technology

2018-2022

Bachelor of Technology in Computer Science

80/100

Kendriya Vidhyalaya Upper Camp

2017-2018

Senior secondary school

76/100

Kendriya Vidhyalaya Upper Camp

2015-2016

Secondary school

10/10

Achievements and Interests

- Rising Star Award FY 2022-23; Employee of the Quarter FY 2024-25
- 2nd Position, Organization Chess Championship
- 3-star Coder on CodeChef
- Interests: Chess, Online Multiplayer Games, Football, Table Tennis, Blogging, Anime

Strengths

- Quick Learner
- Patience and Responsible
- Team player
- Problem Solving
